CERTIFICATES

- Diploma in Information Technology
- Full-Stack Web Dev Specialization

SUMMARY

I am a Full-Stack SAP Developer. I work daily with ABAP SAPUI5 Fiori JavaScript and SAP Business Workflow. I am proficient in building of oData services REST APIs CDS views and SOAP services.

Mostly I work in SAP S/4HANA environment but also have experience with older SAP ERP releases. Primarily in modules FI-CO, HR/HCM, SD, MM, and BW.

For development, I use Eclipse ADT and SAP Business Application Studio and sometimes VS Code. I am proficient in utilizing Git for source code management and team collaboration.

Apart from project development, I support business as usual—analyzing errors, fixing bugs, and designing new business solutions. I have successfully delivered multiple projects for European and Asian customers. In my projects section, I've highlighted the most significant ones—those where development took longer than two months.

PROJECTS

- Open-source contribution: Contributed bug fixes and feature enhancements to the Bootstrap CSS framework.
- Personal portfolio website showcasing coding skills and past projects.
- Volunteered for Hack for Education, creating an e-learning

EDUCATION

- Bachelor of Engineering in Computer Science**
National Institute of Technology, Chennai
Relevant coursework: Web Development, Object-Oriented Programming, Data Structures & Algorithms, Database Management Systems, Computer Graphics.
- Project:** Built a responsive e-commerce website for a local startup, resulting in a 15% increase in online sales.
